TWO-THOUSAND TWENTY FOUR

This guide can be greatly beneficial to planning your future. Ask the lord to guide you as you lay out plans for areas of your life you want him to bless. The prophet said to write out the vision. Once you have expanded on these areas through prayer and seeking God's guidance, begin to circle these declarations in your daily prayer time.

Make it a challenge to develop your top three goals in these areas of your life. Then pray faithfully throughout the year for God to help you reach each of them. If appropriate share some or all of these with a prayer partner so they can challenge you and pray with you in each of these areas.
